Who We Are

Stay in Step is a veteran 501(c)(3) non-profit organization, which provides state of the art recovery to spinal cord and traumatic brain injury patients in the Tampa Bay region. Stay in Step was founded by Chief Warrant Officer Romy Camargo and his wife, Gaby. Romy entered the U.S. Army in 1995 and spent most of his military career with the 75th Rangers Regiment and 7th Special Forces Group. During his third deployment to Afghanistan, Romy's detachment was ambushed while carrying out a humanitarian mission and Romy was shot in the back of the neck, resulting in paralysis from the shoulders down. Romy and Gaby viewed his diagnosis not as a challenge, but as an opportunity. After months of planning, Romy and Gaby set out to open their own rehab facility to provide therapy and recovery services to the military and civilian community. On June 20, 2015, Stay in Step opened its doors.

What We Do

Stay in Step's mission is to provide SCI patients with a step forward toward recovery through world class rehabilitation and collaboration. Directed and supervised by Dr. Merritt, who has more than 40 years of experience in spinal cord injury rehab programs, our facility has top-of-the-line equipment and trainers who are passionate about what they do.

To date, Stay in Step has helped more than 60 patients by practicing therapy techniques that are unavailable at any other facility in Tampa. Additionally, we have supplemented more than \$200,000 for the cost of services through a financial relief program that allows clients to pay only half of the charges for an hour-long rehab sessions – something that most insurance companies do not cover.

Where We Want to Go

Our goal is to change lives one STEP at a time, as we help patients and their families take a STEP forward toward RECOVERY! Stay in Step is constantly searching for the newest techniques and equipment to provide the most up-to-date therapy for our clients. In order to facilitate additional therapy exercises for a wide range of impairment, including a therapy pool, large overhead bodyweight support track for over-ground gait training, and more so that we can support even more clients.

How You Can Help

To fulfill our goal of changing the lives of as many patients possible, we need your help! As a Stay in Step Celebration sponsor, your organization will be directly responsible for providing Stay in Step the opportunity to continue providing financial relief to clients through their supplemental program. You can become a sponsor for one client or two, and 100% of your contribution will go to the client therapy.

When and Where

The 3rd Annual Stay in Step Celebration Gala will take place on 29, SEPTEMBER, 2018 at the T. Pepin Hospitality Center in Tampa. All proceeds from the event will benefit the Romy and Gaby SCI Foundation, Inc. d/b/a Stay in Step Foundation.
